TYPIN SECTION
23 MAY 1946

From the President, with Addl Nehru

MS-C 237-67 d 11-6-46

Requests sanction for the formation of a central store of the Municipality, at an extra cost of Rs 1960- per annum, and adds that the question of creating a separate post of Store Keeper for the Health Section would be merged in the present proposal

8) The creation of a central stores in the Nehru City, (in place of the existing four different stores of the Municipality) with the necessary establishment, is urged on the following grounds -

1) that articles worth over a lakh of rupees are purchased and stocked in these stores, before issue

2) that, under the existing arrangement, there is great confusion in ascertaining the purchase of the articles - their proper accounting and auditing of transactions

3) that there is lack of supervision - resulting in shortage in stores of the Health Section.

4) At present there is only one stockkeeper on Rs 40-2-50-~~2~~ 60 stock of the stores of the Municipality

10) In his place it is proposed to employ the following establishment -

1 Chief Store keeper — 80-5-120 + 5 - C A
2 Asst Store keepers — 25-1-40 + 5 - C A each
1 peon — Rs 12/-
1 peon — Rs 11

11) It is also proposed to take a security of Rs 1000/ from the Chief Store keeper and Rs 250/- each from the Asstt Store keepers

17) The proposal of the President, City Municipal Council, Mysore, regarding the formation of a Central Stores, amalgamating the four different Branch Stores is a desirable suggestion for the following reasons -

18) At present there are four Sectional Stores viz , the Engineering Stores, Health Stores, Municipal Farm Stores and the Town Hall Stores Each Sectional Officer acts as the purchasing Officer for his Section and the materials so purchased are stocked in the Branch Stores under his char

3407

17/11/46

Heavy purchases are made by the Health Officer, the Municipal Engineer and the Vice President in charge of the Municipal Stores The total cost of materials purchased comes to more than Rupees one lakh per annum The expenditure of this Municipality has increased from Rs 7,13,000 in 1935-36 to Rs 16,58,000 in 1945-46 The Sectional Stores of the Municipality are now under the charge of persons who do not know the principles of Stores accounts and the maintenance of stock registers As the stores accounts have to be maintained properly, the formation of a Central Stores, with a Store keeper and assistants, responsible for the Stores transactions and stock of stores materials was pointed out during the audit of the Stores accounts by the Local Auditor On this observation, the Municipal Council passed the necessary resolution and the President has forwarded the proposal to Government for sanction of the formation of a Central Stores with the necessary staff

(9) The proposal of the President for the formation of a Central Stores and the additional staff in this connection may perhaps be approved by Government The proposition statement submitted by the President has also been duly verified and certified

2) As matters stand, stock verification is not being conducted either periodically or at the close of each year and excesses and deficiency statements are not also being prepared with the result the corrections now of the stock position is not ascertainable Needful instructions may be issued in the matter

34) The store-keepers in the Jog Power Scheme are in the grade 70-5-100 plus Rs 5/- C A , while the Store Clerks in the permanent divisions are in the grade 30-3-45 plus Rs 5/- C A The higher grade for store keepers in the Jog area is fixed in view of the heavy Store transactions amounting to a couple of lakhs every year In the permanent divisions, transactions are limited, rarely exceeding Rs 1 lakh and hence, only lower grade clerks are utilised

35) In the Mysore City Municipality, however, the transactions amount to nearly Rs 1 lakh as reported by the President If combined with the trust board the transactions may perhaps amount to about Rs 2 lakhs The transactions therefore while exceed those of a permanent Division, are almost equal to those of Jog Divssions Hence a graded pay of Rs 70-5-100, as in the case of Jog Division may perhaps be enough, if the Trust Board and the Municipality are combined and one Chief Store keeper is employed There may be two Asst Store-keepers on 40-2-50 under him one for Municipality and another for the Trust Board

36) Further, for Public Works Divisions, the Store-keepers are not accounts clerks as they work under the accountants Similarly, for the Municipality there is an auditor and for the trust board there is an accountant Hence there does not seem to be any need for an accounts man for the stores The management of stores requires only experienced men and the Senior Store-keeper in the Trust Board and the Municipality may perhaps be made the chief Store keeper in the grade of 70-5-100 and two Asst Store Keepers employed under him This will greatly reduce the cost

Sir,

Subject Creation of the post of a Store-keeper to the Health Section on Rs 25-1-40

I have the honour to state that the Ministerial establishment of the Health Section consists of one Head Clerk on Rs 40-2-50 with 3 Junior clerks on Rs 25-1-40 and this staff is found insufficient to carry on the normal routine work of that section The work of the section has of late increased and the staff requires to be strengthened During my inspection of the Health Section in May last, I felt that there was real need for it The records sorting work being in arrears, the Council have recently sanctioned the appointment of a clerk on Rs 30/- p m for a period of six months At present no satisfactory arrangement exists for the stores section which is in a chaotic condition and it requires to be handled by a separate hand

As there was no separate store-keeper it was being looked after by one of the Sanitary Overseers But it was subsequently noticed that he did not maintain proper accounts of the stores resulting in some loss This question is being investigated, the concerned official being divested of the charge It is now felt that there should be a separate store-keeper for the section, The Council in their meeting held on 29-9-45 have resolved to create the post of a store keeper to the Health Section on Rs,25-1-40 and to appoint one B Venkataswamy Naidu for the post an allowance of Rs 10/- being given per mensem pending sanction of Government to his appointment A copy of the resolution is herein enclosed for kind perusal

The said B Venkataswamy Naidu is an Avenue maistry on Rs 15/- which is an inferior service, and has put in a service of 16 years and 6 months and possesses no qualification But he is reported to be

[illegible], I [illegible] and trustworthy. The Health Officer has recommended that he may be entrusted with this responsible work. In order that he may be made eligible for the post, he has to be exempted from the operation of the C.S.C. Rules.

In view of the Council Resolution to appoint him for the post, I request you to be so good as to obtain sanction of Government to the Resolution of the Municipal Council to grant a Relaxation from the operation of the Public Service Commission Rules in regard to his Educational qualification and to appoint him for the post.

The Service Register of the official is herein enclosed.

I have the honour to be,

Sir,

Formation of a Central Stores to the Municipality

I have the honour to state that there are at present four different stores for the purchasing, stocking and issue of materials of the different sections in this Municipality, viz, Engineering section Stores, The Town Hall Stores, the Health Section Stores and the Municipal Farm and Workshop Stores Except the Engineering Section and Town Hall section, the other two sections have no separate storekeeper, but the Stores in each of these sections are placed in charge of some official of the section without proper security or qualification This state of affairs has led to great confusion to the authorities sanctioning the purchase of articles and also to the proper accounting and auditing of transactions There is also lack of supervision The shortages in the health Section stores about which a separate report has already been made in this office No M5 237-67/45-46 dated 27-4-1946, may be quoted as an instance Articles worth over a lakh of rupees are purchased and stocked in the Stores before issue

The Re-organisation and management of the Stores section of this municipality so as to secure its working in an efficient manner, was under the active consideration of the Re-organisation Committee, and this Committee recommended the formation of a Central Stores for the whole Municipality The Health Committee considered this question in detail and recommended the formation of a Central Stores section with the following staff

1 One chief Storekpeer (a senior accountant) in grade 80-5-120

2 Two Assistants, one in grade 40-2-50 and one in grade 25-1-40

3 Two peons, one on Rs 12 and one on Rs 11

The Municipal Council also approved of these proposals in their resolutions Nos 813 and 906 dated 26-2-1946 and 2-4-1946 respectively with the following modifications -

1 Both Assistants to be in grade Rs 25-1-40
2 The Stores section to be under the direct charge of the Revenue Officer as it is not right in principle to allow the consuming officer to be the purchasing officer also
3 The security to be taken be as follows -
Chief Store-keeper Rs 1,000
Assistants Rs 250 each

The question of sanctioning the post of a Store-keeper for the Health Section (vide your No L 5084 dated 13-12-1945) is proposed to be merged in this proposal as already intimated in this office No M5 C 368-94/45-46 dated 20-2-1946, and no separate orders are necessary in this respect

In enclosing herewith copies of the resolutions of the Council, I request you kindly to obtain sanction of government for the entertainment of the following staff for the formation of a Central Stores in place of one existing Storekeeper in grade 40-2-50 plus 5 C A and also for taking security as above -

One Chief Storekeeper in grade 80-5-120 plus 5 C A
Two Assistant Storekeepers " 25-1-40 plus 5 C A each
One peon on Rs 12
One peon on Rs 11

The net increase in cost will be Rs 163⅓ per month which will be more than compensated by better management of the Stores section and reduction in expenditure on articles of stores by careful accounting etc A proposition statement showing the alterations proposed is enclosed herewith

813 Health Committee resolution No 270 dated 19-2-46 agreeing with the President's Note for the setting up of a central Stores as recommended by the Re organisation Committee, with the suggestion that (1) the Central Stores will be in direct charge of the President as it is basically wrong to allow an Officer who is a purchasing Officer and the head of a consuming section to be in charge (2) that the store-keeper for the Central stores to be an accountant on the proposed grade of Rs 80-4-120 as the work involves maintenance of proper accounts and vouchers and does not require any expert knowledge of the articles to be purchased as they are common ones (3) that two clerks and two servants be attached to the section and (4) the Stores be situated in the municipal office, observing at the same time in regard to the loss and shortage in the stores that since the official Laxmipathy, who was in charge of the Stores, is now dead, the extent of loss and shortages sustained by the municipal council should be determined and responsibility for making good the loss be fixed on all concerned with the least possible delay, about which the Health Officer's report has not been furnished

Further Note by the President on the recommendation of the Health Committee

Resolved that the Health Committee resolution, embodying Mr T Narasimha Iyengar's note, be approved with this modification that the Stores department be directly placed under the Revenue Officer to whose assistance an accountant on Rs 80-5-120 be given as Store-keeper

Subj - Formation of a Central Stores for the Mysore City Municipality

Sir,

With reference to your letter No MJ=C 237/67, dated 16-7-46 on the above subject I am directed to state that it is seen from your letter that the stores transactions of the Mysore City Municipality amount to nearly Rs one lakh per year the transactions of the Trust Board are combined with those of the City Municipality, then they may amount to Rs two lakhs, which would almost be equal to those of the transactions of the Govt Department of the P-W Dept, where a grade pay of Rs 70-5-100 + 5-C A is granted to the Store keepers It would therefore seem expedient to combine both the stores of the City Municipality & the Trust Board into a Central Store on

employ a chief stove keeper on Rs 40-5-10 p.s.
and two Assistant stove keepers on Rs 40-2-50 each
to work under him — one for the Municipality and
another for the Trust Board

I am to request that your views on the
above suggestions may be furnished early

honour

2 The total cost of the materials purchased comes to more than Rs One lakh per annum The expenditure of the Mysore City Municipality has also increased from Rs 7 13 000/- in the year 1935-36 to Rs 16 58 000/- in the year 1945-46

2. Unofficial Note No.10/C.L.A.C. dated 9th July 1946 from the Comptroller to Government furnishing his opinion in the matter.

ORDER No. L 115-84-6/ MCL 11-46-118

Dated, Bangalore, 24 Feb. 1947.

There are at present four different stores for the purchasing, storing and issuing materials of the different sections of the Mysore City Municipality, viz., the Engineering Section, the Town Hall Section, the Health Section and the Municipal Farm and Orchard Section. It is reported that, except the Engineering and the Town Hall Sections, the other two sections have no separate Stores-Sepoys but that the stores in each of these sections are generally in charge of some Officer of the Section (i.e. the Senior Servant or Clerk) in addition. This state of affairs has led to irregularities in the authorised procedure in the purchase of articles and also in proper accounting & watching of transactions. There is also need of proper Godowns for storing in stores and other articles properly.

2. The total cost of the materials purchased comes to more than Rs.15 lakhs per annum. The population of the Mysore City Municipality has also increased from Rs.7,12,000/- in the year 1935-36 to Rs.16,50,000/- in the year 1945-46.

3. With a view to secure efficient working of these stores, both the Reorganisation Committee and the Health Committee of the Mysore City Municipality have recommended the formation of a Central Stores by amalgamating the above four sections into one.

4. The question has also been considered by the Mysore City Municipal Council, and a Special Meeting held on 20th February 1946 and 2nd April 1946 resolved that a Central Stores for the Municipality be formed, with the marginally noted establishment, in place of the existing one Stores Sepoy on Rs.40-0-50. The proposal involves a net extra cost of Rs.1,900/- per annum. The President, Mysore City Municipal Council has recommended sanction to the same.

	Pays p.m.
1. Chief Store Keeper on Rs.80-5-120 & 5 C.A.	120 1/3
2. Assistant Store Keeper Rs.30-1-40 & 5 C.A. each	75 1/3
1 Peon	10
1 Peon	11
Total Rs.	200/-

Net increase per annum Rs.1,900/- .

5. The Comptroller to the Government was consulted in the matter and has agreed to the above proposals.

6. Government consider that it is necessary that the stores accounts should be maintained properly by an experienced staff responsible for the proper upkeep of materials and transactions in the stores and that it is not necessary to have an Account Unit as Stores Keeper as the accounts of the Municipality are subject to preaudit.

7. Sanction is accorded to the formation of a Central Stores and the employment of the establishment as noted above with the modification

that the pay of the store-keeper will be fixed at Rs.70-3-100 and that a senior and experienced store-keeper of the city municipality or City Improvement Trust Board, Mysore may be appointed as Store-keeper under the revised grade.

8. Necessary provision therefor is to be made in the future budgets of the Mysore City Municipality.

9. Securities of Rs.1,000/- from the chief store-keeper and of Rs.500/- each from each of the clerks should be furnished to and by the Municipal Council.

10. The President, Mysore City Municipal Council is requested to see that due verification is carried out periodically at the close of each year and that the excess and deficiency statements relating to all transactions are sent to the Controller promptly, after due verification.
